

**Cynthia Davis invites you to:
Have a Bible Beauty Party**

with your friends, Women's group, Bible study or Book club!

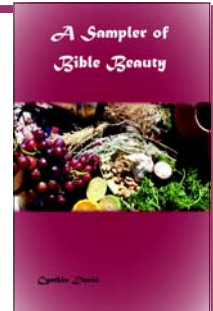

Bible Beauty Party Options

Based on her new book, *A Sampler of Bible Beauty*, author and teacher, Cynthia Davis will take you into the world of Women of the Bible to sample some of their foods and beauty products. Even women who aren't interested in religion will have fun and learn about how women in the distant past lived.

Invite your friends to a delightful hour of story at a *Women of the Bible Tea*, or creativity at a *Bible Beauty Workshop*, or pampering at a *Bible Spa Party*.

As hostess you get a free copy of *A Sampler of Bible Beauty* and your choice of another of Davis's books at 1/2 price.

Your guests can purchase books at special prices, too.

Women of the Bible Tea

Before they were written down, Bible stories were told orally. Your guests will prepare and enjoy simple, yet delicious foods while hearing stories of Bible women. Davis has been telling the stories of Bible women for over a decade.

Bible Spa Party

Pamper yourself and your guests while experimenting with various beauty products women might have made and used in the past. Not just for women of faith, this is a great way to learn about how women lived 3-4000 years ago.

Bible Beauty Workshop

We will make fun, simple gifts using recipes from *A Sampler of Bible Beauty*. Everyone will go home with something to share with a friend. A wonderful way for you and your friends to experience simple crafts like women in past millennia.
